PLAY

Have fun on the golf course this summer by playing a different course every day. Playing on some of the best local courses available, junior golfers apply their skills they learn on the range. On-course play is supervised by a golf teaching professional that provides playing tips, course management skills and video swing analysis!

OUR CAMP PROVIDES...

Fun: Our motto is "Learning works best when fun comes first"

Easy Registration: Register online at PlayaRoundGolf.net by printing the Registration Form and mailing it to our camp office. Scanned forms can be emailed to summercamp@playaroundgolf.net

Nutritious Lunches: Give your child the energy they need to perform.

Convenience: Early Arrival and Extended Stay options and loaner clubs are available upon request.

Variety: Different golf courses and games each day keeps campers engaged.

LEARN

Our professional instruction makes it easy for junior golfers to understand the golf swing. We have designed the first-of-its-kind building-block program for summer camps that gets junior golfers building their skills from day one. From driving to putting, junior golfers learn to play and succeed.

JUNIOR GOLFER TESTIMONIALS

"It's really self-centered around you and they always do a lot to help to figure out what you need and what you need to improve on." COLIN

"They worked on my swing a lot and they focused on my swing and not where the ball went." TYLER

"On Monday, coach records each of our swings and tells us what we need to work on for the week and that's kinda like our weekly goal." GRETA

"Coach will tell me that I am doing something and I won't really believe him because I feel like I am not doing it, but when you video yourself and go back, you can actually see that you are doing it and see how you can fix it." ABBY

GROW

Play-a-Round Golf camps are the perfect partner to family, school, and community in helping junior golfers learn independence, decision-making, social skills, character-building and values—all in an atmosphere of sports, outdoors and fun under the supervision of positive golf teaching professional role models.

FULL-DAY CAMPS

Our camps are an excellent opportunity for junior golfers to improve skills and course management. Instruction works on all aspects of the game and prepares the junior golfer for daily challenges and fun on the golf course. Instruction in the morning followed by lunch, and then it's off to play the course. Skill levels range from beginner to advanced for ages 6-17.

HALF-DAY CAMP

Half-day camps are offered for beginning and new golfers. Camp is an excellent opportunity to introduce children to golf, and learn the basic skills needed to play and have fun. Instruction has been designed for beginner level golfers and focuses on developing the fundamental motor skills needed for the golf swing. Using a variety of sports movements such as baseball and tennis, we are able to teach golf in less time.
